## About This Game

Serious Sam 3: BFE is a first-person action shooter, a glorious throwback to the golden age of first-person shooters where men were men, cover was for amateurs and pulling 5d3b920ae0

Sam isn't serious at all, misleading title 0/10.. This game was great until the end. It was very challenging, even on the medium skill level. The last level was just ridiculous. I hate to use cheat codes, but i'm here to have fun, not to get frustrated. That happens enough at work. Still very worth playing though.. Very fun, very hectic! A must play with friends!. W.I.P.
